

Best Mediterranean Holiday Childcare Provider 2023

Based in the UK, Ionian Nannies is an international nanny introduction agency that offers high-quality, tailored childcare services to holiday villas and private residences across the Ionian islands. With offices in Corfu and partners across the Mediterranean, Europe, and the rest of the world, the company caters to a range of childcare needs, delivering supervision at all hours.

Ionian Nannies was founded by UK/Corfu businessman and father of six, Scott Winstanley, who set out to offer a much-needed childcare support service to the Ionian villa market. Since then, the company has grown to deliver childcare services in many more parts of the world. Primarily, it serves modern travelling parents who rent high-end vacation properties in some of the most luxurious destinations.

Today, Scott works alongside an experienced management team, comprised of individuals with strong backgrounds in the high-end nanny sector as well as the luxury hospitality industry. Combining their expertise in these areas, they aim to drive the company to provide the highest quality of childcare by carefully selecting the nannies who join its "collection".

The Ionian Nannies collection consists of childcare professionals who are fluent in English, trained in first aid, and DBS checked. In all the work they do for the agency, they are subject to a strict code of conduct and obliged to ensure high levels of confidentiality. Many of them are Norland students who hold a minimum of a Level 4 qualification in Early Childhood studies, whilst some are from other relevant backgrounds.

Each nanny brings an invaluable level of care, security, friendship, and fun to the placement families they serve. Parents can trust that their child is in the safest of hands when they arrange childcare with Ionian Nannies.

With a growing team, Ionian Nannies is equipped to provide clients with highly qualified nannies for both holiday and permanent positions. With flexibility at its core, the company prides itself on its ability to arrange support for clients at any and all times. Its vast selection of services can easily be combined to provide care whenever needed.

Operating in the ever-changing travel industry, Ionian Nannies understands that its services must adapt in accordance with trends. As a company that provides flexible childcare to modern travelling parents, its offerings have become more bespoke and targeted in order to accommodate last-minute trips. Initially, the company primarily flew nannies out to destinations on request, until it identified a need for short notice holiday childcare. For this reason, it now has a larger number of nannies who live locally in popular tourist areas during the summer.

Above all, Ionian Nannies is committed to supporting the wellbeing of its childcare professionals and enhancing their ability to deliver exceptional services to clients. The company offers 24/7 support to all employees, providing them with everything from a friendly phone call to airport transfer arrangement.

As a result of its unwavering commitment to its clients, Ionian Nannies has been awarded Best Mediterranean Holiday Childcare Provider in the Parent and Baby Awards 2023. In the coming year, the company plans to launch four new websites as part of its destination expansion. It will soon provide its services to new locations, including the Alps, the Caribbean, Costa Rica, the Aegean, and much more of Europe.

We are delighted to congratulate Ionian Nannies on its success in the Parent and Baby Awards 2023. With big plans, the company doubtlessly looks towards a bright future, and we can't wait to see what it will go on to accomplish.
